1. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

2. Claims 2-4 12, 18-20, 28, 35, 36 and 45 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

In claims 2, 3, 12, 18, 19, 28, 35, 36 and 45, it is not clear which "thermoset resin" crosslinks the water soluble or water dispersible polymer. If such crosslinking is effected by both resins, then the said recitation should be amended to read -- thermoset resins -- . It is further noted that parent claims 1, 17 and 34, respectively, does not explicitly recite that the polymer is crosslinked by the resin(s), only that it is "capable of being cross-linked by a thermoset resin".

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.

Morris (3,042,608) discloses drilling a well and forming a filter cake on and/or preventing lost circulation through a borehole wall with a drilling and well treatment fluid which may comprise a mixture of a polymer, such as carboxymethylcellulose, a powdered thermoset resin, and also a lost circulation additive comprising thermoset resin particles.

4. Claims 2-4, 12, 18-20, 28, 35, 36 and 45 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, second paragraph, set forth in this Office action.
5. Claims 1, 5-11, 13-17, 21-27, 29-34, 37-44 and 46-50 are allowed.
